**HEADACHES**

with **Neurology.**

When it comes to migraines and cluster headaches, Wilmington Health Neurology has extensive experience with Botox for migraines. In addition, our team is prescribing the latest in FDA-approved calcitonin gene-related peptide (CGRP) medications and neurostimulators like Cefaly and gammaCore.

### KNOW YOUR HEADACHE

Alfred A. DeMaria, MD • John D. Ardeljan, DO

Call Neurology at **910.341.3383** for an appointment.
