The 4Leaf Survey

For estimating the percent of your calories from whole plants

As you know, 4Leaf for Life was designed to help people everywhere leverage the simple, yet powerful, concept of maximizing the percentage of their calories from whole, plant-based foods — still in nature's package. This survey identifies your current 4Leaf "level" of eating. Note that even the 1-Leaf level is in the top 10% — when if comes to healthy eating. These 12 questions will give you a pretty good idea of how you can improve your score.

The 4Leaf Survey

Take 2 minutes, be honest, circle your answers and tally your score. (A serving = about 1/4 of a plate)
